Furthuring andrea'

From Clay and Paper Theatre to Everyone: 01:15 PM

How do we disinfect a theatre between shows?

From Philip Sutton Mary Winspear Centre to Everyone: 01:15 PM

to further Andrea's point what are venue liabilities if someone gets sick during an event

From heatherredfern to Everyone: 01:16 PM

We are bringing our FOH and Bar staff in early to disinfect before every show. Office staff if doing it if other staff is not available. It took 2 people 45 minutes to do all public areas and 2 theatres yesterday

From Alexandra Prichard - Vertigo Calgary to Everyone: 01:17 PM

Usually liability requires a proof of negligence on the part of the venue. I think we're generally OK on that front so long as we're following Health Canada Guidelines (and DOCUMENTING our measures).

From carole to Everyone: 01:17 PM

Heather- what are your staff using to disinfect?

From Boomer Stacey to Everyone: 01:17 PM

Keep the questions coming - we will try to address once we get through the prepared info. And thanks for sharing what you are already doing!

From Frédéric Julien to Everyone: 01:17 PM

@Clay and Paper Theatre: The virus normally doesn't survive longer than 3 hours on a dry surface. Unless you have shows running back to back, it may not be necessary to wash the theatre between shows.

From Tabitha Keast - PACT to Everyone: 01:17 PM

Here is a recipe for homemade hand sanitizer that has 60% alcohol: 2/3 cup rubbing alcohol, 1/3 cup aloe vera gel, 5-10 drops essential oil (optional), Mix the items together in a bowl and stir until blended. Use a funnel to pour the mixture into a container and then label the container.

From Alexandra Prichard - Vertigo Calgary to Everyone: 01:18 PM

However, it might be harder to recover from the damage to our image if someone gets sick from contact at one of our venues.

From Philip Sutton Mary Winspear Centre to Everyone: 01:18 PM

We also need to consider the impact of the outbreak in the USA on us

From Ashley Meller to Everyone: 01:18 PM

From Sandra-Emilie to Everyone: 01:20 PM

Quebec Province just forbid events with more than 250 patrons

From heatherredfern to Everyone: 01:20 PM

We have had both reactions from our communique that was sent out yesterday. People saying we were over reacting and people saying we were being reckless not closing.

From Nikki Giguere to Everyone: 01:20 PM

Make sure you connect with your insurance companies about business interruption insurance, which can be access if there are government/civil mandated access denied to your premise

From CallyMacBookAir to Everyone: 01:21 PM

When 90%+ of our 40,000 annual patrons fall into the 65+ age category, (in a 406 seat theatre) how can we best protect our guests if the shows do in fact go on? Box office calls are already coming in with fear, wanting refunds for shows as far out as September.

From heatherredfern to Everyone: 01:21 PM

Unfortunately, our business interruption insurance only covers issues with the building, the physical plant. This is not covered

From Philip Sutton Mary Winspear Centre to Everyone: 01:22 PM

Cally yes this is an excellent question

From Elsa to Everyone: 01:22 PM

If live streaming is a possibility, are rules and regulations going to be relaxed to facilitate this?

From Frédéric Julien to Everyone: 01:23 PM

Bravo. This solid public health advice!

From heatherredfern to Everyone: 01:23 PM

Has anyone approached the Canada Council about releasing next year's core funding early, before final reports for this season, to help with cashflow? I think we should have this conversation with them.

I'd love to do a show of hands for which theatres have decided to take Public Health Mandates as their cue for closure....as opposed to making their own call (based on variables).

From heatherredfern to Everyone: 01:31 PM

That is what we are doing when they tell us to close we will not before

From Jacoba Knaapen to Everyone: 01:31 PM

TAPA is creating a resource platform for our members on TAPA website, specifically encouraging all members to post their 'action plans' or 'Corona Virus Policies' so that all companies here locally in T.O. can share and read what each is doing. We are happy to include policies from other theatres also outside of T.O.

From mary.malinski to Everyone: 01:34 PM

From John McHenry to Everyone: 01:35 PM

STC is also following our public health guidelines.

From Boomer Stacey to Everyone: 01:36 PM

As per @mesteves question - most seem to be following (waiting for) Public Health cues. Any one not and cancelling in advance??

From mesteves to Everyone: 01:36 PM

@Boomer: could we use the Zoom "hands up" feature for that one?

From Alexis Da Silva-Powell, TAPA to Everyone: 01:37 PM

From Jacoba Knaapen to Everyone: 01:38 PM

TAPA is closely following TPH - Toronto Public Health and recommending TAPA members take their cues from TPH. FYI there will be an OMNIBUS Announcement today from TPH and Mayor Tory here in Toronto at 2:00pm.

From Boomer Stacey to Everyone: 01:39 PM

@mesteves - good idea...

From vpokinko to Everyone: 01:40 PM

@Jacoba Knaapen is someone from TAPA able to listen to that omnibus and report into this call?

From Boomer Stacey to Everyone: 01:40 PM

If you click on "participants" a window above your chat opens. Click on "Raise Hand" if you are anticipating cancelling prior to Public Health closures

From mary.malinski to Everyone: 01:40 PM

Roadhouse here - we have several shows this weekend going ahead as scheduled. We are looking farther ahead, and not sure what will be cancelled moving forward.

From Lilya to Everyone: 01:40 PM

Hi everyone, just wanted to remind everyone about the supports that are available from The AFC (formerly Actors' Fund of Canada) to all workers in the industry who may be impacted during the pandemic. Our program workers can help with navigating the system and connecting with available services and resources. People dealing with cancellations of shows/lost income when it precipitates a financial crisis (such a potential eviction/inability to pay rent, medication costs, basic living expenses, etc) can access problem-solving practical support and charitable emergency financial aid through The AFC. Please keep this resource in mind: [AFChelps.ca](http://AFChelps.ca)

From derekritschel to Everyone: 01:40 PM

Could we break down the CTA Claus on the theatres obligation to contracts fees should we be forced to cancel?

From Alexis Da Silva-Powell, TAPA to Everyone: 01:41 PM

Yes. TAPA can report back on the TPH message if this call is not over

From Philip Sutton Mary Winspear Centre to Everyone: 01:41 PM

Roadhouse - We haven't as of yet but we are under pressure from clients and patrons as I type this out

From vpokinko to Everyone: 01:41 PM

thanks Alexis

From Boomer Stacey to Everyone: 01:41 PM

@derekritschel Eleanor is on her way and will join the end of the call. She can answer CTA specific questions shortly

From Deb Sidgm to Everyone: 01:41 PM

Roadhouse and presenter: no cancelled events, but already did one event (lecture speaker) by simulcast video as speaker forbidden to travel by doctor. Event went ahead with minimal impact on attendance/ticket sales. But this would not work for a live performance.

From aram to Everyone: 01:47 PM

Steve, what does "interruption by civil authority" mean? Does that cover us if the government says we have to cancel events?

From Patricia Hammond, Theatre by the Bay to Everyone: 02:01 PM

Echo Kathryn's question

From Jeanne Holmes to Everyone: 02:05 PM

City of Toronto media conference with reps from Toronto Public Health and Office of Emergency Management is starting now. General information around city policies and recommendations will be announced. Nothing really new - mostly following Canadian Health Agency recommendations.

From mieke to Everyone: 02:05 PM

What does this mean for the PACT conference? I haven't seen a policy from the hotel about cancellation?

From Deb Sidgm to Everyone: 02:06 PM

In addition to a proactive/pre-emptive closure, and a government mandated closure, there could also be venues (with smaller staff and most senior volunteers) who have no choice to close due to inability to operate venue or run events safely.

From Boomer Stacey to Everyone: 02:07 PM

@mieke we are in conversation trying to figure that out at the moment. We have been in contact with the hotel too. More info on that front soon

From mieke to Everyone: 02:07 PM

Thanks, Boomer. Good to know.

From Boomer Stacey to Everyone: 02:08 PM

Thanks @jeaneholmes

From vpokinko to Everyone: 02:08 PM

Steve - also interested in ACTOne Binder for independent companies/collectives and single events (ie no season to postpone to) and what the possible events for cancelation would be that would trigger the insurance - ie, is it JUST government authority, or are there other circumstances?

From Jacoba Knaapen to Everyone: 02:08 PM

agreed with Jeanne Holmes .. nothing new being announced from TPH at this time ... the announcement still in process

From Peter Cathie White to Everyone: 02:09 PM

Can you explain the actual meaning of article 37 in terms of costs?

From mieke to Everyone: 02:10 PM

does article 37 also apply to schools, if they cancel?

From Steve Beatty to Everyone: 02:10 PM

@DebSidgm the inability for a venue to offer their space would be considered unexpected in my opinion

From Kathryn Westoll to Everyone: 02:10 PM

Echo Peter

From mieke to Everyone: 02:10 PM

en masse, I mean, not individual schools

From Paul Fujimoto-Pihl to Everyone: 02:10 PM

What is the temperature of Equity around live streaming performances in the event that public health shuts down mass gatherings?

From vpokinko to Everyone: 02:10 PM

Paul - would be an ACTRA question, non?

From Paul Fujimoto-Pihl to Everyone: 02:11 PM

Perhaps, but if we've got a show that's developed as a theatre piece, rather than a performance for broadcast, where does that land?

From mesteves to Everyone: 02:11 PM

Watching CP24 in Toronto, the Mayor's conference. While they was not official closure of theatres, what she did strongly recommend citizens avoid public gatherings in very measured and serious tone. @Jacoba, would be great if we could pull together a call with Toronto companies asap.

From eleanor to Everyone: 02:12 PM

The cost associated with Article 37 is a payout of 1/7th of the minimum fee per day for a period of 10 days. At which point if the cancellation continues, the termination becomes effective immediately and no other notice is required.

Yes -to answer the live stream question. That is ACTRA's jurisdiction.

From Steve Beatty to Everyone: 02:13 PM

@vpokinko not just gov't authority. unexpected could be a variety of sources that force cancellation. key is that you are not making the decision to cancel

From vpokinko to Everyone: 02:13 PM

@steve beatty - right, and what about a venue canceling that we're renting from?

From eleanor to Everyone: 02:14 PM

School cancellations would likely not be covered under Article 37 in the CTA or ITA.

From Native Earth to Everyone: 02:14 PM

BREAKING: @NYGovCuomo

From Evan Klassen to Everyone: 02:16 PM

From Diana Alumnae Theatre Toronto to Everyone: 02:18 PM

We are a company that also rents our space. Will someone be talking about how to approach default on rentals, deposit returns and last minute cancellations? Anyone have resources for this?

Do we know how  
“mass” is being defined?

From Alexandra Prichard - Vertigo Calgary to Everyone: 02:21 PM

Diana, we also rent a venue in our space. We're starting by looking at our rental contract, and then looking at the actual numbers (what are the cost implications for us should we refund all or part of the

deposits) as well as the impact on our renters (is this something that would ruin / bankrupt them, what level of insurance do they have, etc.)

From Boomer Stacey to Everyone: 02:21 PM

@Annie 250 seems to be a common number at the moment

From Deb Sidgm to Everyone: 02:21 PM

Re: Mass Gatherings, my understanding was that the WHO definition is for much, much larger gatherings. But not sure about the PHAC definition (e.g. from WHO- A Mass Gathering (MG) has been defined by the World Health Organization (WHO) as an occasion, either organized or spontaneous where the "number of people attending is sufficient to strain the planning and response resources of the community, city, or nation hosting the event" (WHO, 2008). )

From Kate Leathers to Everyone: 02:25 PM

Current policy is that if we cancel a show or program - full refund. Otherwise it's our usual policy, which is a mixture.

From andrea to Everyone: 02:25 PM

At Presentation House we are doing either turning their ticket into a donation (for a tax receipt) or vouchers/credit.

(If we cancel we will include the option of a refund, but encourage the other two.)

From aram to Everyone: 02:25 PM

NBC - four options - convert to donation, convert to a later performance or credit, share with another patron, limited refunds to those self identify as ill or in a high risk category

From Paul Fujimoto-Pihl to Everyone: 02:26 PM

just make sure the rubbing alcohol is 99%, if you're following that recipe total alcohol should be 60% or above in the finished product

From dgoodman to Everyone: 02:27 PM

ATP in Calgary - at this point offering ticket exchanges, we are in a fortunate sitch in that we have current show closing Sat and don't have another perf till April 15

From bonnie to Everyone: 02:27 PM

Bonnie Gratz from New Vintage Theatre in Kelowna. We just had to cancel our pop culture arts festival here slated for next weekend-around 5500 attend from around North America. We offered refunds but

encouraged people to stick with us for an postpone date. We will offer incentive-advance ticket holder prize to those who do not request refunds. It seems to have worked somewhat. We also have had a really understanding positive response from our vendors and artists all of whom would like to return. This of course is unique because it is a festival.

From Deb Sidgm to Everyone: 02:27 PM

Hand sanitizer almost totally unavailable locally from retail or industrial sources.

From Alexandra Prichard - Vertigo Calgary to Everyone: 02:28 PM

Theatre Calgary has a progressive approach. Exchanges for up to 18 months is step 1, credit is step 2, tax receipt is step 3, refund is step 4.

From Miranda Botto - Lunchbox Theatre Calgary to Everyone: 02:28 PM

Follow-up to the hand sanitizer inquiry, and I said this above. What if we cannot find hand sanitizer? Because us, much like our friends at Vertigo, cannot.

From vpokinko to Everyone: 02:28 PM

Echoing interest for a Toronto Companies meeting!

From Annie Clarke to Everyone: 02:28 PM

My concern re: mass gatherings is more how audiences will make ticket buying decisions - if it's a 50 or 100 seat theatre rather than 250 seats will that really make a difference? My guess is not.

From sorayapeerbaye to Everyone: 02:28 PM

Just want to add, there was an article on how effective soap is and often times more so than hand sanitizer.
